

Dermatology Update - Guidelines and Clinical Practice

Course Aim

This one-day course aims to update knowledge on dermatology care, including evidence-based practice and recent national and local guidance/guidelines. The day aims to be patient-focused and practical so you can incorporate this knowledge into practice at a local level. The new skills you will learn will enhance patient care, support self-management and reduce secondary care referral.

Who should attend?

Primary care health care professionals who wish to update and improve knowledge in managing patients with common skin conditions. This course is designed to be multi-disciplinary.

Programme

- 9.00am COFFEE AND REGISTRATION
- 9.15am Introductions and outline of the day
- 9.30am Eczema -clinical update and guidelines
- 10.15hrs Psoriasis -clinical update and guidelines
- 11.00am COFFEE
- 11.15am The patient perspective - what do people with chronic skin conditions want from primary care - small group work with invited patient guests
- 12.15hrs Acne -clinical update and guidelines

- 1.45pm Practical workshop - how manage patient expectations and help them get the best out of emollients and topical treatments
 - Emollient workshop
 - Topical treatments
- 3.30pm Let's see how we can put this into practice
 - what needs to change and what we can do next?
 - Practice reviews, competencies and reflective discussion
- 4.15pm Evaluation and Finish

Who should attend?

Primary care health care professionals who wish to update and improve knowledge in managing patients with common skin conditions. This course is designed to be multi-disciplinary and practical.

Learning Outcomes

By the end of the day, delegates should:

- Have updated evidence-based knowledge and be aware of current guidance (guidelines) for acne, eczema and psoriasis
- Improve prescribing and practical knowledge on the range of treatment and management options for acne, eczema and psoriasis
- Appreciate the impact chronic skin conditions have on people's lives and the psycho-social effects from the patient perspective

This study day can be used towards CPD for GP, nurse and pharmacist revalidation; reflective discussion is included within the programme

Trainer: Julie Van Onselen, RGN, RSCN, DipN, DipMar, Teaching Cert, BA(Hons) Director and Educator, Dermatology Education Partnership Ltd
